

2007 Two-Day Workshops for the Career Choices Curriculum

Join us for two days of exploration, inspiration, and innovative techniques that have proved effective. This could be the most beneficial experience of your teaching career!

"An outstanding resource to investigate appropriate ways to influence students with authentic and relevant learning tools that explore and explain the years to come."

Joe Andreis, Education Outreach Coordinator
Sandia National Laboratories, Carlsbad, NM

San Antonio, TX March 12-13
Charlotte, NC March 26-27
Las Vegas, NV April 23-24
Orlando, FL June 11-12
Santa Barbara, CA June 25-26

Learn how to:

- Successfully teach the *Career Choices* curriculum and adapt it to meet your particular classroom goals
- Integrate career and life planning thematically into the academic classroom
- Motivate students with relevant exercises and activities
- Help 8th/9th grade students make a successful transition into high school
- Build interdisciplinary teams that work
- Use the Internet to enhance your students' achievement
- Tap into special funding opportunities and community resources
- Help students see the impact their high school education has on their future lives

"Excellent in-depth presentation for implementing Career Choices into the curriculum with powerful teacher and student guides."

Renate Beltz, English Teacher
Redlands East Valley High School, Redlands, CA

Join Us...

for this comprehensive two-day workshop on the *Career Choices* curriculum.

Explore new frontiers in education, exchange ideas, evaluate approaches, and learn how to develop plans and create the kind of models that work best in your school, for your students.

Academic Innovations sponsors two-day workshops throughout the year. While the training revolves around the *Career Choices* curriculum, you'll also have an opportunity to focus on project-based learning techniques, team teaching tactics, curriculum integration models, and dropout prevention strategies.

The \$149 fee includes the two-day training, a copy of *Career Choices*, the *Instructor's and Counselor's Guide*, *Possibilities*, the consumable *Workbook*, *Lifestyle Math* and trial access to the Internet enhancements plus lunch each day. The workshops are from 10:00 a.m. to 5:00 p.m. on the first day and from 8:30 a.m. to 2:00 p.m. on the second day.

"I appreciate the excellence of the materials and the emphasis upon language arts and humanities. This is truly a renaissance program."

Janet Wise, Adolescent Specialist
Governor's Office for Children, Phoenix, AZ

"This was one of the best hands-on workshops I have attended in a long time. I can take the materials to the classroom and adopt the ideas."

Andrea Kelsey, Teacher
Paradise High School, Paradise, CA

"Career Choices was one of three educational conferences I attended this summer. I learned more at the Career Choices conference than I did from the other two combined. Highly recommended!"

Steve Stangland, Magnet Coordinator
Mission Bay High School, San Diego, CA

"Career Choices is an outstanding guidance curriculum. Young people need a sense of direction in this complex world and the program offers this direction."

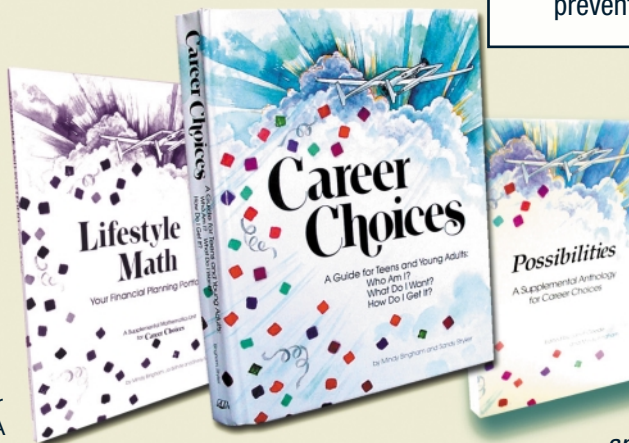

Jim Campbell, Ph.D.
Former Director of Tech Prep
Delaware State Dept. of Education, Dover, DE

"This was a super terrific workshop! Very, very helpful, exhilarating, and very useful. Your respect for teachers and your optimism was invigorating!"

Myrna Hay Specktor, Special Education Teacher
North High School, Torrance, CA

Who Should Attend?

- Teaching teams or master teachers responsible for their school's *Career Choices* classes
- Administrators responsible for freshman transition efforts
- Interdisciplinary teams (e.g., English, math, technology, guidance)
- At-risk program coordinators and teachers
- Counselors, Tech Prep and career educators
- Teachers responsible for integrating career/ technical studies and academics
- English teachers looking for innovative literature-based curricula
- Educators charged with developing dropout prevention strategies

I believe this seminar addressed the most fundamental issues involving student motivation.

Bryan Cowley, Science Teacher
San Jose High Academy, San Jose, CA

I've been using Career Choices materials this year. This workshop has given me new ideas and approaches. I look forward to trying them!

Robin Zachritz, English Teacher
Dublin High School, Dublin, CA

This workshop has caused me to re-evaluate how and what I teach within my classroom. How am I preparing my students to survive in the future?

Marilyn Miller, English/Social Studies Teacher
Oak Avenue School, CA

I came to the workshop looking for concrete ideas to make my curriculum more relevant to students, and I found them.

Carolyn England, English Teacher
A. Crawford Mosley High School, Lynn Haven, FL

The Career Choices workshop is a masterfully designed vehicle that will help our students not only arrive at but trek beyond their goals and expectations.

Jeffrey Tonini, Mathematics Teacher
Glen Burnie High School, Glen Burnie, MD
