

Two-Day Institute AGENDA

Get Focused...Stay Focused!® Follow-up Modules and the Whole-School Initiative

Studies show that revisiting and upgrading future plans is vital to continued student success. The George Washington University's Freshman Transition Initiative recommends the annual updating of students' 10-year Plans while at the same time using whole-school initiative strategies. This institute will provide guidance on implementing the *Get Focused...Stay Focused!*® Follow-up Modules to help ensure the long-term success of your efforts. The sessions included will provide strategies for securing the necessary buy-in, both at the school level and the community level.

You will leave this 2-day institute with a detailed action plan for streamlining your planning and implementation of the follow-up modules and your whole-school initiative.
